

Why Be Our Tenant?

Get The Strength of A Corporation With The Supportive Culture of A Family

As our Tenant, you secure the stability, growth, and experienced guidance of a corporation behind your business combined with the supporting relationship of a family. With more than 15 years of experience, we have been tested by both the crisis of 2008 and the recent 2020 pandemic. We kept our rental spaces full without increasing costs. As our Tenant, the property you will lease from us will be regularly maintained and provided with building upgrades when needed. In tough times, when your landlord is tested, and when previous landlords failed you, we keep our Tenants happy with the same care as in good times.

Passion

We are driven by a passion for three things:

- *Provide you with the ability to expand and grow with us.*
- *Have a win-win relationship between Landlord and Tenant.*
- *Helping new business owners find the perfect space for their first business.*

Experience

You will be in the hands of industry veteran Landlords. Join us and become part of a family-led company with a healthy varied portfolio of over 300 Tenants across more than 70 properties. Some of our Tenants include big chains like Verizon, State Farm, Subway, Starbucks, AT&T, Walgreens, and other small family-owned businesses.

We at Kotel Investments understand that you are different from other Tenants in size, scope, budget, and needs. You have unique wants and needs, and we do our best to cater to them in order to make our relationship with you tailor-made.

Culture & Values

We conduct business with the core belief that an exceptional relationship between you and us is the key for:

- Maintaining a long term relationship with our Tenants.
- Safeguarding the value of our properties.

It is our mission to truly understand your current needs as well as anticipate future ones.

This gives us the ability to respond and provide you with the most effective solution to every hardship or situation you encounter, whether you want to downsize or expand during your lease and make better use of your space.

We take pride in understanding the foundation and industry-specific needs of your business, and by doing so, allowing us to provide you with a supportive, productive, and successful environment rather than just a bill at the end of the month.

Problems we solve

- We help business owners who are looking for new space by catering to their needs, like changing the interiors of the space.
- We help our existing tenants who are in need of repairs, downsizing, expanding, lease extensions, or lease modifications.

Why us?

We truly know how your business can be directly affected by poor management and a problematic Landlord.

You will receive valuable services from us, such as property management, and more:

- All our properties are well maintained.
- We offer good quality finished out spaces.
- Good working conditions for Tenants that are available for move-in.

What truly separates us in the industry is that we excel in one main aspect, and it is the most important, priceless, service you get from us:

We are family-owned, and we are hands-on with your needs.

You know the pain in reaching and communicating with your Landlord. That's why we are different and are able to maintain a 95% occupancy rate.

With us, you get seamless communication. We are available for you through email, phone calls, and even text messages with a friendly tone. Additionally, you will get fair, straight forward, and transparent negotiations. We are Entrepreneurs, just like you, and understand the more time wasted in negotiations, the less time you have to run your business. We truly care that you succeed as an individual and thrive as a business throughout our partnership.

When you thrive, we thrive.

If you make the decision to grow in your current location or find a new, larger space, and expand, we will be there by your side. We want to be your invaluable partner in finding economic solutions to your growth and expansion plans.
